Rate Reduction

Catastrophe Hospital and Nurse Insurance

We have been advised by Huntington & Homer, Inc., that Michigan Life Insurance Company is granting a rate reduction to our members under age 60, who carry the Catastrophe Hospital and Nursing coverages.

The new rates which follow, are effective August 1, 1956 and will apply both to presently insured members and new applicants.

Insured's Age	Individual Policy Semi-Annual	Family Policy Semi-Annual
39 and under	\$ 8.00	\$20.00
40-49 inclusive	12.00	30.00
50-59 inclusive	18.00	45.00
60-69 inclusive	25.00	62.50
70 and over	32.00	80.00

The rates for ages 39 and under, also, for ages 40 to 49 inclusive have been reduced semi-annually \$2.00 for the individual policy and \$5.00 for the family policy. This amounts to an annual reduction in premium to these members of either \$4.00 or \$10.00 depending upon the type of policy held.

The group ages 50 to 59 inclusive receive an annual reduction of \$2.00 on the individual policy and \$5.00 on the family policy.

There is no change in the rates of members ages 60 and over.

Huntington and Homer, Inc. will send out premium-due notices reflecting the reduction in rates and will likewise supply each insured member with a rider for attachment to the policy.

There have been several instances, since the adoption of the Catastrophe Hospital and Nurse Benefits, where it has proven to be of considerable assistance in meeting the high costs of an extended period of hospital confinement and around-the-clock nursing service.

It is our feeling that every eligible member should avail himself of these benefits now while in good health. They will not be available to the member or his family after illness strikes. If you are age 49 or under you still have the opportunity to enroll in the plan.

It Could Happen to You!

Recently one of our members was confined to the hospital and underwent a surgical operation. Fortunately, he had the All-Star Hospital policy of Michigan Life Insurance Company, sponsored by the Chicago Dental Society in behalf of its members, which paid hospital benefits of \$504.40 and \$150.00 for the surgical operation.

Within a couple of months this member again was confined to the hospital with a different ailment. This time the policy paid the full benefits of \$1,000.00 for the hospital expense, \$10.00 for ambulance service and \$150.00 for the operation. Then, under the Catastrophe Hospital and Nursing rider which was attached to the policy a further sum was paid, consisting of \$1,224.72 for hospital expense and \$2,194.00 for the services of graduate nurses.

Standard Accident Insurance Company paid disability benefits for loss of time amounting to \$2,125.00.

These payments total \$7,358.12. If we add previous hospital and medical payments made on behalf of this member and his wife of \$1,075.40, it would total up to \$8,433.52.

This actual experience again proves the value of our Society insurance programs.

We hope that all members who are eligible and are not currently insured under these plans will see the wisdom of protecting themselves and families, as soon as possible.

INFORMATION REQUIRED FOR SOCIETY REFERRAL FILES

Dear Member:

In order that we may have more complete information in our referral files and thus be able to better serve the public, we would appreciate it if you will complete this form and mail to: Chicago Dental Society, 30 North Michigan Avenue, Chicago 2, Illinois

Do you specialize (having specialty license)? _____

If so, in which phase _____

Do you do a great deal of work in some field (but not having specialty license)? _____

If so, in which phase _____

Please check the following methods or phases employed in your practice:

Anesthesia for general dentistry _____

Airbrasive method _____

Cavitron method _____

Implant Dentures _____

Hypnotism _____

Treatment of spastic or palsy patients _____

Treatment of homebound patients _____

Do you teach? If so, where? _____

Do you have your own laboratory? _____

Do you employ a hygienist? _____

Are you available on Wednesdays? If so, your hours _____

Name _____

Address _____

Telephone _____

INSIDE VIEW OF CDS-TV STUDIO

Taken at the Midwinter Meeting the above view of the special television studio set up in the Beverly Room of the Conrad Hilton Hotel for the production of the closed-circuit television program shows from left to right Chicago Dental Society President G. W. Solfronk, General Chairman Herman R. Wenger, Television Committee Chairman Robert I. Humphrey and Clinician Orion H. Stuteville awaiting the green "Go ahead" signal from the Production Control Room in Room 8 across the corridor. Note the overhead spotlights. These necessary sources of illumination generated a high degree of heat and made performances in front of the television cameras anything but a cool and comfortable experience. Note also the lines taped on the carpeting to show the clinicians on the program the proper locations for the best camera and microphone coverage. The dental equipment used on this program and visible past the righthand camera was entirely operative with water piped in from the hotel's Banquet Kitchen.

NEWS AND ANNOUNCEMENTS

APPLICATIONS AVAILABLE FOR A.D.A. MEETING EXHIBITS

Members of the American Dental Association who wish to present scientific exhibits at the Association's 97th annual meeting in Atlantic City, N. J. October 1-4, may obtain applications from the A.D.A. Council on Scientific Session, 222 E. Superior St., Chicago 11.

Exhibits should be concerned with diagnosis, treatment or research related to the science of dentistry, or the general improvement of health, according to Dr. Charles Kurz, of Carlyle, Ill., Council chairman.

The scientific exhibits at the 1956 meeting will be prominently located near the entrance to the main floor of the Convention Hall.

Applications should be received no later than July 2 so that the names of participants and descriptions of their exhibits may be listed in the preliminary program which will appear in the August issue of *The Journal of the American Dental Association*.

UNIVERSITY OF ILLINOIS TELEPHONE EXTENSION PROGRAM

A completely new program has been planned for the eighth series of the University of Illinois College of Dentistry's telephone extension program beginning next fall.

The "Current Advances in Dentistry" series will present several program innovations to dentists coast-to-coast, and again will make available sound-projected programs on stripfilm for those who wish to receive the program at a different time from the live broadcast.

The five programs will begin November 12, 1956 and conclude on March 11, 1957. The broadcasts will be on the sec-

ond Monday night of each month. The faculty will consist of 24 outstanding educators and clinicians drawn from coast to coast. Another functionally and attractively designed manual will be available for each participant, and one of the five filmstrips that all receiving groups will use will be in color.

"Interceptive Orthodontics in General Practice" in November will present a team from the University of Illinois, including Drs. Isaac Schour, Allan G. Brödie, Earl W. Renfroe and Thomas K. Barber.

"High Speed Technics" will be presented by a faculty internationally linked with the development and progress of high speed advances in everyday practice. Faculty members for this December program will be Drs. Elbert O. Thompson, Salt Lake City; Roderick A. McEwen, Emory University, Atlanta; Floyd Peyton, University of Michigan; John M. Spence, University of Illinois, and Lt. Henry M. Tanner, Bethesda, Md.

The March 1957 program on "Practice Administration" will be led by men nationally known for their knowledge and ability to help the dentist improve and increase his service to patients. Faculty will be Drs. Cecil H. Bliss, State University of Iowa; Ralph Campbell, University of Detroit; Jay H. Eshleman, Temple University; Robert G. Kesel, University of Illinois and Lindsey D. Pankey, Coral Gables, Fla.

A session on "Clinical Full Denture Prosthesis" will have for its faculty Drs. Muller DeVan, Philadelphia; Bernard Jankelson, Seattle; Max A. Pleasure, Veterans Administration Hospital, New York City, and W. H. Kubacki and A. J. Skupa, University of Illinois.

The session on "Oral Lesions: Diagnosis and Treatment" will be enhanced by an all-color filmstrip, with Drs. R. Gordon Agnew, University of California;

(Continued on page 24)

NEWS OF THE BRANCHES

NORTH SUBURBAN

About a month ago, I received a letter from our newly-installed branch president, Francis Yager, appointing me as correspondent. In his letter, he commented on the excellent job that Fred Verink has done the past two years. I am sure that no one could appreciate Fred's column more than I, as I sit here searching for inspiration. . . . Fred is one of those rare individuals who is a perfectionist in everything he does. If you haven't seen him in his usual haunts the past few weeks, it's because he has been moving into brand new quarters. He designed his offices to productively utilize every inch of space. If you are planning any changes, you should see Fred's layout for some darned good ideas. . . . Spring seems to be moving time out this-a-way. Doug Cook and Randy Wescott are operating in brand new offices. Jim Best will be sharing space with Randy in a few weeks, and theirs promises to be a new Mr. Inside and Outside combination (of a tooth, that is). . . . I see where Jesse Wheeler has moved into offices in Winnetka. . . . I have also heard that Norman Olsen will be opening up in Evanston about the first of June. Norm and his family have been Evanston residents since he returned to Northwestern two years ago to head the Pedodontia department. We're sure glad to welcome you both. . . . Spring also seems to be holding with other old traditions. . . . I hear tell that Emanuel Nielsen has taken a bride, and by the time you read this, Hans Grosskreuz and Cliff Mergener will have walked down that long aisle. Congratulations and welcome to the club. . . . Congratulations are also in order to the George Kearns on the arrival of George, Jr. George has just recently moved to a new address with L. J. Van Note in Lake Forest. . . . The grand-

fathers' club is doing well, too. George Carey and Carl Brasmer have just been presented with grandchildren and not to be outdone, Pinky Stine's daughter just had twin girls. . . . While some of us are thinking about summer vacations, others are just returning from late spring trips. Bob Lasater and Hal Chason were out West for a spell, while Harry Chronquist motored to North Carolina, and Steve Stephenson and Ray Thorsen were down in Florida. In case you missed it, Steve's son, Tom, had an article published in the April issue of the *Journal of Oral Surgery*. . . . Don Palmer has recently returned from Brownsville, Texas. Don says they really know how to practice down there—leisurely, that is. . . . World lecturer and traveler, Tod Dewel, will be leaving for Europe in July as the guest of the European Orthodontic Society. Tod is to be a principal speaker at their meeting in Stockholm on the subject of serial extractions. Tod is a devoted student and a real credit to the profession. At a recent Orthodontic meeting, Tod was elected a member of the Publication and Editorial Board, a Director of the American Board of Orthodontia, and the Chairman of the Nomenclature Committee. Although these and many other duties keep him a good part of the time, we are quite proud to have him a member of our branch. . . . That's all the news for now, but I'll be seeing you at the Annual Golf Day at Thorngate C.C., June 13th. . . . I'll also see you at the Chicago Dental Society Golf Outing at White Pines on June 20th.—R. G. Fischl, Branch Correspondent.

SOUTH SUBURBAN

Shortly after writing this column, I expect to be down in Springfield partaking in the State meeting. Along with me as far as I know now, will be Leonard Holt,

Mike Hughes, Lloyd Bettenhausen, Silvio Tiberi and Pete Iagmin. . . . Speaking of Mike Hughes, he was kind enough to call me to let me know that he was on his way to Washington, D. C., to visit his son. Said son is working for the FDIC (to the uninformed, and this included me, that is the Federal Depositors Insurance Corporation). Mike is planning on this trip to break in his new Green (what else) Cadillac. After spending a week with his son, Mike plans to motor to Springfield where he will take in the State meeting. . . . The boys are getting kinder to me. As a follow-up on the article on the expectant grandpa Kingston, I got the following postal card: "My second granddaughter, Sandra Lee Stunbaugh, arrived in San Francisco Saturday, 4-14-56. Everyone is fine, including grandpa!" As an added note Neil also imparts the additional information — "Bettenhausen and I initiated the year's dental golf at Chicago Heights C.C. Lloyd looked all over for an extra pair of pants to keep from shrivelling up anymore than he is but could not come up with the additional protection—just call him Pruneskin." . . . Will give you all the dope of the events down in Springfield. . . . See you all June 7 at the South Suburban golf meet! . . . I'll see you at the Chicago Dental Society Golf Outing at White Pines on June 20th.—*H. C. Gornstein, Branch Correspondent.*

KENWOOD-HYDE PARK

I've been tagged; so bear with me for this month's column. . . . May 1st will be a day long to be remembered for fluoridation of the Chicago city water (South Side Division) became a reality. This only after years of hard work on the part of many civic and professional groups. Members I saw at the official ceremonies from Kenwood and Chicago Dental Society were President-elect and Mrs. Walt Dundon and Editor Elmer Ebert. It was a very thrilling experience. . . . That night was Ladies' Night at Kenwood, so promptly at 6:30 p.m. the members gathered for the first "Fluoridated" Cock-

tails. They must have been unusually good for I've never seen a more jovial family group at one of these affairs. After an excellent dinner was served to a very well-attended gathering, President Rudy Grieff opened the evening's activities by welcoming the Chicago Dental Society's President-Elect Edward W. Luebke, Vice-President L. W. Mike Hughes, Treasurer Harold H. Hayes, together with our own President-Elect Walt Dundon, and their lovely wives. (We missed President and Mrs. Gus Solfronk). From the downtown office were those very efficient young ladies, Miss Amy Nelson and Mrs. Decker. Also, Dr. Eberle's brother and his wife. . . . President Grieff proceeded to sing his swan song by thanking his official family for their splendid cooperation of the past year—(I must say all of us agree it has been a most successful year, Rudy). The applause was terrific. Elmer Ebert took over at this point in his inimitable way to install the following officers for the '56-'57 year: President, William R. Eberle; President-Elect, Graham O. Davies; Vice-President, Henry H. Leib; Secretary, Warren Lutton; Treasurer, Howard Harvey. . . . Dr. Eberle spoke briefly expressing his thanks for the confidence of the members and recognizing the full responsibility after the tremendously successful previous administrations. Take heart, though, Prexy, with all this efficient young blood under your very capable, wise leadership, the die is cast for another highly-inspired administration. . . . So, fellows, fall in line now for your next season's dinner-meeting tickets. . . . The film "Highway To Hawaii" was tops after that non-union operator got us into the air. . . . Walt and Mrs. Dundon had as their guests Mr. & Mrs. George Kanna from the Hawaiian Islands. George is a senior student at Loyola's Dental School. His father was a classmate of Wayne Fisher and will be here for George's graduation in June. So we were able to get first-hand information at our table. . . . We missed Wayne and Mrs. Fisher. . . . We heard Wayne was taking a few days off to perfect his golf game before

Applications for Membership

The following applications have been received by the Ethics Committee: Any member having information relative to any of the applicants, which would affect their membership, should communicate in writing with Eugene M. Stearns, 1580 Sherman Ave., Evanston. Anonymous communications or telephone calls will receive no consideration.

Applicants

OURADA, DONALD W. (N.U.D.S. 1953) West Suburban, 72 S. LaGrange Rd., LaGrange. Endorsed by O. W. Silberhorn and David P. Redmond.

(Continued on page 24)

Wanted: Reliable Hygienist. Small town in North-western Illinois. \$350.00 beginning salary and percentage on production. Present hygienist leaving after four years in practice. Present office staff: 1 dentist, 3 assistants, hygienist. Four operating rooms and two x-ray machines. Complete call list. Modern bungalow office, air-conditioned. Address K-8, The Fortnightly Review of the Chicago Dental Society.

SITUATIONS WANTED

DENTAL ASSISTANT—For eleven years this slim, neat, 30-year-old has been employed on one job in the Dental Field. Her duties consisted of chair assisting; taking and developing X-Rays—plus reception and record keeping. Experience would qualify her to handle busy Dental office. For additional information on this applicant and many others, call GARLAND MEDICAL PLACEMENT, 25 E. Washington St., ANdover 3-0145.

DENTAL TRAINEE—Would you like to train a bright young girl with a real "out-going" personality plus interest in the Dental and Medical Fields? One of our applicants is graduating in June. She has taken typing and has worked two evenings plus Saturdays while attending school. This mature young woman needs permanent employment and is eager to have everything set as soon as school work is completed. Call GARLAND MEDICAL PLACEMENT, 25 E. Washington St., ANdover 3-0145.

AVAILABLE a dentist, age 50, in practice for 27 years and a CDS member for 20; a former high-ranking officer in the Navy Dental Corps has recovered from a serious illness and is seeking employment as a dentist. Prefers to be in Chicago although in no particular section of the area. Comes well-recommended. For details call RANdolph 6-4076 and refer to ad number K-5.

ASSOCIATION WANTED

Recent Woman Graduate desires association. General practice or pedodontia. Available July 1. Address K-11, The Fortnightly Review of the Chicago Dental Society.

Dentist, with 12 years' practical experience, desires association with well-established practitioner, with option at future date to purchase. Preferably outlying or suburban area. Address K-12, The Fortnightly Review of the Chicago Dental Society.

OPPORTUNITIES

Wanted: Dentist for general practice, full or part time. Wonderful opportunity, with possibility for partnership. Address K-1, The Fortnightly Review of the Chicago Dental Society.

the Kenwood Golf Outing, June 6, at Navajo Fields Country Club. Advance reservations available from Jesse Carlton, Asher Jacobs and John McBride, telephone South Shore 8-7624. . . . Yes, that Loyola Homecoming was a huge success; looked like the Midwinter Meeting. . . . Several fellows came up to my table and recognized me as a classmate, but you know I was a five-year man at Minnesota. . . . Northwestern's Homecoming was also a typical sell-out gathering. If you haven't seen the school since the remodeling, be sure to be inspired with an early visit. Truly tops with the very latest in equipment and appointments. . . . Speaking of Northwestern, Andy Jordan, (Ex-Footballer) assures us an improved football team for '56. . . . John A. Feaman's health is gradually improving to the extent that he works at his office three days a week. He also was able to preside at the recent Board meeting of the Illinois Federal Savings and Loan Ass'n. . . . Leo Mastorakos is reported visiting in St. Louis, with time out for fishing. . . . Graham Davies was giving a lecture "The Dentist and the Law" in Montana. I heard he did a little antelope hunting on the side. . . . Sig Bradel spent a few days up at West Point, attending the marriage of his son, a 1954 grad of the Military Academy (congrats). . . . Howard Harvey reports that Larry Johnson sent a card from Biloxi, Miss., on his way to New Orleans. Now what, Larry, the elusive? . . . Seems like all of

the Kenwood members will take in the State Meeting. Fred Moore says he wouldn't miss it. . . . Have you noticed convictions are already being handed out as a result of the recent laboratory victory? . . . So I'm off to Wisconsin for Mother's Day! . . . I'll see you at the Chicago Dental Society Golf Outing at White Pines on June 20th.—Howard B. Shepard.

ENGLEWOOD

Don Reynolds had a bit of hemstitching done at the hospital about May 7th. Sort of a new angle, isn't it? . . . Paul Kanchier was Karibbean Kruising about the Ides. Walks with a slight roll in his gait, and one on his waistline. . . . Retiring Program Chairman Henry Mathews cited seven excellent scientific programs over the past fiscal year in his report. Along with chairmanship of the Essay Division at the February Meeting!! . . . Lew Weil is another hardworking chairman. He and his Dental Health Education Committee examined 8,000 kids in 19 parochial schools. At 50c per filling, that could mean something to surrounding dentists—no? . . . Mike Rak didn't let his birthday affect his appetite. Four desserts! . . . May, 1956, winds up the fifty-third year of Sebastian Becker's practice of dentistry, and he is calling it a day. Congratulations for giving it a good try! With his variety of interests, life for him and with him will not be dull. . . . We were honored with the presence of Dr.

HIGH SPEED IN DENTISTRY

If you are considering the installation of HIGH SPEED your hand-piece man is best qualified to advise you.

M. W. SCHNEIDER DENTAL LAB.
27 East Monroe, Chicago 3, Illinois

David C. Baughman of Mattoon, who was Tom Starshak's guest at the May meeting. Councilman from Central Eastern Illinois District, Dave was taking a busman's holiday. . . . Louis N. Tirengel is back from military service and has resumed practice at 1144 West 87th St., with emphasis on children's dentistry. Think they're any easier to handle than G.I.s, Lou? . . . May 8 was a banner day, with the inauguration of fluorine in the water supply from the magnificent filtration plant at 79th and the Lake. Chicago was a little slow in getting to this important health measure, but has the benefit of twenty years' study of the subject, the last ten of which have been characterized by four extensive and exacting studies carried on in widely divergent areas, including Evanston, Illinois. Congratulations to so many, including Edgar T. Stephens, Alderman Cilella, Alderman Harvey, Mayor Daley, *et al.* . . . E. Joe Kouba passed that ol' Gator Board, 'while back, an' soon gets goin' to practice from now on in the Great State of Flawda. Best-a-Luck, Kuhnlel Joe! . . . Hmmm, wonder if he'd take my mother-in-law along? . . . You guys with kids at college know why Joe Plewa chases up to Michigan State at Lansing to see his daughter. Probably to carry up summer clothes when it warms up and take home the winter clothes. . . . Commodore Ed Zagers docked at the last meeting from the isle of Crete, Ill., where his practice has been fully established for some time. . . . That June 13th golf meet at Navajo will soon

be with us. Call John Brotherson or John Boles for your tickets—one for you, and one to entertain your state congressman. The better we understand mutual interests, the more valuable becomes our relationship. . . . Our sympathy to Bill Burke, whose mother passed away recently. . . . We hear that John J. McMahon has a new office in Mike Hayes' new building at Ashland and 82nd. . . . "Square dancing is fun," says Axel R. Olson, who was recently elected secretary in the Good Time Square and Folk Dance Club, which meets on Monday evenings from 8:00 to 11:00 at 6908 S. Western Avenue. Axel also was recently installed as Post Surgeon of VFW #1242, 7642 S. Halsted St. . . . Fran O'Grady, who lost 30 lbs. during Lent, claims to be doing less and less work. Just when, with that amount off, he can get closer to his work! . . . The Illinois State Dental meeting will be well over by the time this copy is published, and so will the last Chicago Dental Society meeting. Englewood is proud of two favorite sons, Tom Starshak and Gus Solfronk, who were presidents respectively of those two important organizations. These men have given tremendously of their time, strength and talents. Our thanks and our admiration to both. . . . Another salute goes to the retiring director from Englewood to the Board of the C.D.S., Ernie Goldhorn. The last three years have been "toughies" for the Society and history has been made, to which Ernie has contributed greatly. We are fortunate to now have another good workhorse to represent us, Ted Lindholm. And, finally, Marion Hopkins gets a hand for seeing Englewood through a good year as president. Congratulations! . . . I'll see you at the Chicago Dental Society Golf Outing at White Pines on June 20th. . . . We thought to tap an authority for a quatrain, from which he could not refrain, with naught to lose and all to gain, this is from our Romaine:

Teeth is very nice to have,
They fills you with content.
And if you doesn't know it now,
You will when they is went.

—Mal Brooks.

WEST SIDE

Hi!—Clint Youle kind of fouled up the weather for our Annual Golf Outing May 9, but it takes more than a blustery wind and pouring rain to dampen the spirits of West Siders out for a gay day. The ardent golfers were out bright and early. They enjoyed indoor sports while the rain and wind beat against the large picture windows of the luxurious Midwest Country Club. Fortunately, the good old sun busted thru the storm clouds early in the afternoon and provided enough clear weather for the golf aficionados to get in 18 holes. Despite the unfavorable condition of the course and the earliness of the season some fair scores were turned in. Many members and guests came out just for the dinner and surprisingly a crowd as large as previous years was on hand despite the miserable weather. After a most enjoyable dinner President John Reilly presented many of our distinguished guests. Among them several in-coming officers of the C.D.S.—President Ed Luebke; President-Elect Walt Dundon; Treasurer Jim Lynch; Executive Secretary Karl Richardson, and the Treasurer of the Ill. State Society, Robert Pollock. Their speeches were wonderful, very very short and snappy. Chairman Al Sells presented beautiful trophies to the low score holders in the various classes: Carl Madda, dentist; Bud Blaha, open; and Lou Bartolini, low net; and appropriate prizes for the runner-ups. With a capable assist from Vice-Chairman Chick Vission, Al distributed a grand array of some nice door prizes. In fact, just about everyone carried off a prize. Many of the prizes and trophies were graciously contributed by our friends in the allied dental trades. To them, many thanks for contributing in such a measure to the success of this most enjoyable outing. Inasmuch as this was John Reilly's last appearance as Branch President he was accorded a well-merited vote of thanks for the grand job he has done this past year. . . . During the rainy interlude a surprise attraction was provided in the locker room. It was a big Scar exhibit entitled "Operation Hernia"

A Message to the Dental Assistant—

*"You are
a living
doll"*

And the Dentist you serve will tell you so for reminding him that it's time to plan on sending your old Wig-I-bug for conversion. To bring your old Model 3A right up to date, we check and clean thoroughly, replace the mechanical timer with a new electric timer, and remount the mechanism in a new, bright, White housing . . . or a Black, lustrous housing, whichever you prefer. This offer only to 110 volt, 60 cycle machines.

Convert your
old WIG-I-BUG
into

an up-to-the-minute,
bright, WHITE
model . . \$39.50

a shiny BLACK
streamlined
model \$34.50

F.O.B. FACTORY

Model 3A-B

If you have a Model 3A Black Wig-I-bug and want to change over to a White housing, your dealer salesman can do it for you. White housing only \$10.00, F.O.B. Factory. If Black housing is returned a credit of \$5.00 is allowed against above prices. . . . Have the conversion made while the Dentist is away on vacation to avoid being without use of your Wig-I-bug. Delivery in about 2 weeks.

produced by the world-famous Mayo Brothers, exhibited and narrated by that well-known raconteur, Leo Cahill. A few pounds lighter, Leo now feels wonderful. Let him tell you about his operations. . . . Maurice Perlin, who has not been feeling well for a long time, wound up in the hospital for a stay of several weeks. We do hope by this time he is okay and back on the active list. . . . Danny Laskin recently moved into his beautiful new home up Skokie way. From now on he will be a busy little guy landscaping and beautifying his spacious grounds and everlastingly fighting weeds and garden pests. . . . Just a few blocks away Irwin Robinson broke ground for a new home. He expects to be comfortably ensconced before the wintery blasts. . . . The middle of May Bob Tuck, Commander U.S.N.R., skied to Norfolk, Va. to embark upon a two-weeks' training cruise down along the Atlantic coast. . . . In Villa Park a short way from his Elmhurst home George Barnes built a neat air-conditioned four-office professional building complete with all the modern appurtenances. Since the early part of May George is practicing several days a week in the attractive office he set up there for himself. . . . Jack Ehrlich now has an office at 715 West Lake Street, Oak Park, in addition to his Lincolnwood location. Being a civilian again Jack says makes life wonderful. . . . I'll see you at the Chicago Dental Society Golf Outing at White Pines on June 20th.—*Adolph F. Stark.*

WEST SUBURBAN

BUSINESS PERSONALS: This column is now being liquidated and the next issue will be under new management.

Anyone wishing to be present for the fire sale of old equipment, a typewriter that can't spell, some old jokes and others not printable, some personals also not printable, may see the new manager Sylvester W. Cotter of La Grange, Ill. He is preparing for the long dry spell by going to the Indiana State Dental Meeting in Indianapolis where he will be on a panel program May 23rd. . . . A former correspondent, Tony Malone, had his picture taken as the incoming president of the Oak Park Optimists. . . . Another former member of this column bunch responds to the name of Mr. Secretary on two counts, Jack Opdahl is the Secretary of the branch and the Loyola Alumni. . . . The gavel used by the branch President Ed Kritzke is one given to the branch by Henry Westaby and made by him while he was still with us. . . . An old friend Lee Hein spent a short time in the hospital and is now on the mend, recuperating at home. . . . Joe Hudlik has just returned from a month long vacation in Fla. . . . Joe Van Cura is building in Riverside. . . . Merle Long is off soon to the east coast with his dogs. He expects to show them in New York, New Jersey and West Virginia. . . . The last of the bowling stories goes to John Poronsky who had a classy finish with a 657 scratch score and helped his team out in two tournaments for a couple of first places in two week-ends. Now to cut the melon. Remember, John, the better half gets the better half. . . . The first fish stories will be told by Stan Krupka and Chet Lyznicki, for they spent some time in Wisconsin recently. . . . Ev Walters is on a super fishing party and will have to leave it early in order to attend the State meeting. . . . Clarence Hanson, Felix Tittle, Dick Anderson, Paul Swanson,

ACHROMYCIN TETRACYCLINE SOLUBLE TABLETS

*completely soluble!
highly useful!*

ONE DROP OF LIQUID
*dissolves the
entire tablet*

NO UNDISSOLVED PARTICLES
*remain in this
smooth paste*

Just one drop is sufficient to dissolve an ACHROMYCIN® Tetracycline Soluble Tablet completely and quickly. That means you can use this renowned broad-spectrum antibiotic locally without fear of foreign-body reactions. In fact, these versatile tablets fill several important needs in your daily practice! Just look at this partial list:

1. **POSTEXTRACTION SOCKETS.** Place ACHROMYCIN Soluble Tablet intact in socket immediately after extraction.
2. **MEDICATED PACKS.** Impregnate cotton rolls with solution made from tablet(s).
3. **ROOT CANAL THERAPY.** Make solution to irrigate root canal; solution made from ACHROMYCIN Soluble Tablet will readily pass through 20 to 25 gauge needles.
4. **SYSTEMIC THERAPY FOR CHILDREN.** ACHROMYCIN Soluble Tablets are easily dissolved in milk, fruit juices, and other liquids.

ACHROMYCIN Soluble Tablets 50 mg. are available from your usual source of supply in bottles of 40 and 100. They do not require refrigeration. Order a supply today!

FREE. For your convenience in prescribing ACHROMYCIN, Lederle has prepared special prescription pads. Write for yours!

Soluble Tablets: 50 mg.
Capsules: 250, 100,
and 50 mg.

Bill Kirby, Bob Atterbury, Leo Pasquini will also be there plus Werner Gresens who is chairman of the Past-President's Club. Werner will induct the baby member to the organization (John Zwisler) at a luncheon for the group. . . . The Dental Assistants will also hold their meeting there and Dorothy Sutton and Lorraine Scapillato will be present. . . . D. H. Alice Shipilo is off for a week in Fla. while employer Bill Vopata stays home to keep the office from going to seed. . . . Francis Fierce had a vacation in the Ozarks, while Dave Thompson went all the way to Naples, Fla., recently to stock up on vitamins. . . . Bob Randolph intends to vacation after the West Sub. Study Club affair. They say he can retire on his winnings. . . . Howard Buchner wishes that members would please report all illness or important matters that the Welfare and Visitation Committee should have, to him at EU 6-8680. . . . Louis Pavlicek is the new Program Chairman of the Branch and is looking for the kind of program that will make you want to send in your check to Bob Price for a season ticket. . . . They say "A lot of wires would be dead ones if it were not for their connections" so help the new columnist. . . . It was lots of fun and I had real help from Earl Emery, L. D. Jaeger, John Poronsky, Foster Robeson, Bob Atterbury, Ed Kritzke, Bill Kirby, Stan Tylman, C. A. Hanson, Jack Opdahl and others. . . . Thanks a million. . . . I'll see you at the Chicago Dental Society Golf Outing at White Pines on June 20th.—*Bob Pollock, Correspondent.*

NORTHWEST SIDE

The Northwest Side Branch Ladies' Night Dinner Party drew a select crowd at the Hotel LaSalle on May 9. The ladies, of course, were in the majority—their voices, the loudest, and the men in their best cocktail lounge manner, hovered about the bar, shaking hands and greeting each other. Dinner was served promptly at 7:30 at which time Chairman M. Kaminski extended a welcome to all. Between courses, everyone indulged in community singing, led by the Master of Ceremonies, Gerson M. Gould. Joe Zielinski installed the following officers: Frank Brzezinski, President; Folmer Nymark, President-Elect; Ben Gillmeister, Vice-President; Alfred Altern, Secretary; Ted Weclaw, Treasurer; and the Directors—Lee Schwartz, Ray Rux and Thad Czeslawski. The authority of the President officially changed hands when Frank Brzezinski received the gavel from the out-going President, Joe Lebow. Mrs. Brzezinski was presented with a corsage and Mrs. Lebow received a bouquet of roses. All the ladies present were also recipients of gifts—most novel and attractive souvenirs. Excellent piano music accompanied the lovely dinner and later, entertainment was provided by the Chicago Drama Duo, Diana Wales and O. Gordon, in a presentation of selections from "Anastasia" and "Yes, Yes, My Darling Daughter." A happy chorus of voices sang Birthday Greetings to Stanley Broniarczyk and Alfred Altern. . . .

Casimer Rogalski and his wife, Lillian, are celebrating their 27th wedding anniversary by taking an extended tour of Europe this summer. Their departure date is on June 12th. "Bon Voyage! Cas & Lil!" . . . Folmer Nymark was elected Vice-President of the Northwestern Alumni Association, in charge of Publicity and New Students. . . . The President of the Academy of General Dentistry, T. V. and Mrs. Weclaw are going to Paris and London. Academy business plus a pleasure trip. Likewise, they will celebrate their 25th wedding Anniversary while on tour. . . . Boys, remember the golf outing on June 6, at the White Pines Golf Club. Call Lee Schwartz for reservations. . . . Call me with news, views and gossip. Tel—Pen 6-5400. . . . I'll see you at the Chicago Dental Society Golf Outing at White Pines on June 20th.—*John M. Gates, Branch Correspondent.*

NORTH SIDE

What a trip we had to the Eli Lilly Plant in Indianapolis! 95 of us went, all Uptown Dental Forum members and their wives. It was a 3-day, all-expense-paid tour, which was very informative and interesting. The Lilly Company was lavish in furnishing lodging, food, drink and entertainment. Wally Goldsmith was spryer than most of us. He pranced around like a teen-ager. I wonder why Paul Brown was in the telephone booth so often—a little black book? Irv

Shaewitz, our pal from West Side, was heard holding forth on dentistry, of all things! Jules Barrash was seen kissing his own wife! Shelly Rosenstein finally was seen for 10 minutes without his wife! The young Niedermans were very refreshing. They are still learning to play bridge. And the Osmanskis are graduate bridge players, having played bridge seriously on the train all thru the trip. Berman's gin game isn't too hot—maybe it's because I was his partner. We missed Ruby's perpetual gin game. Sid Deutsch and Howard Adilman and I batched it. Howard offered to be my partner at the banquet, but he didn't get a corsage. All the women got orchids and the men got Corona Coronas. At the risk of my wife seeing this column, I must confess that I, who hate walking, and refuse to walk when I'm home—walked more in those two days than in the past six months. Our hosts were most gracious. They allowed the Uptown Forum to hold its regular Friday noon meeting so as not to spoil their record of meeting every Friday. We are very grateful to Cal Ekstrom, Lilly's Chicago representative, who helped arrange this tour. By now, I suppose you gather that we all had a swell time. We were able to get a real insight into the mass production of pharmaceuticals and biologicals. The tour was on a tight schedule, something to do and see every moment—but contrasted with that—all the Lilly employees seemed very relaxed. The wives in our group kept pace with the men and saw every-

thing we did—they didn't even faint at the sight of all the animal experiments. We were all given a group picture taken at the plant, were "poured" on the train after a sumptuous cocktail reception and furnished an excellent meal on the homeward-bound train. I understand our Director, Earl "Nickels" Elman, is arranging for another trip by our branch for some time in September. . . . Herb Krummel is touring Portugal at the moment. . . . Stan Goldberg is now very sporty in his new "Triumph" (a very low slung English sports car). . . . Warren Gerber's office was robbed again. Six other offices in his building were also cleaned out. . . . Our condolences to Joe Gordon on the loss of his mother, who has been ailing for quite some time. . . . Now that the Supreme Court decision has been handed down on the illegal lab situation, many men are asking, "Will the Society have to do its own policing or will the State do it?" . . . Bill Osmanski reports a very successful Northwestern Homecoming with over 350 present. NU has added a new department, coaching, under the Athletic Director, Stu Holcomb, and Stu

is calling on all alumni to recruit football players for good old NU. Their main speaker was Dr. Earl Zaus, Cardiologist, who spoke on "New Concepts in the Field of Cardiology." Interestingly, he claims that golf causes stress on the heart if played too emotionally, (why not be nonchalant with the bad strokes), and that bowling is best. He stressed that the best way to keep healthy is to exercise at least 5 to 10 minutes EVERY DAY. Amongst those seen at the Homecoming were Morry Altus, Warren Gerber, Herb Gustavson, Harold Sitron, John Anderson, the Petersons, Les Dix and his dad, Stan Goldberg, Harry Hurwitz, Walter Nock and Don Wise. . . . Did you make your *Reservations* for the GOLF OUTING? Remember, the date is Wednesday, June 6th. I hear that the West Side had a very successful golf day with many illustrious dentists present as well as many dealers, lab men and friends. Let's make ours as good. See you at the GOLF OUTING! . . . And, I'll see you at the Chicago Dental Society Golf Outing at White Pines on June 20.—I. H. Shapiro, Branch Correspondent.
